

**STATEMENT FROM CRUM & FORSTER / TRAVEL INSURED INTERNATIONAL – March 2, 2026**

United States Fire Insurance Company is closely monitoring developments regarding the conflict in the Middle East, which began February 28, 2026. This is a concerning and evolving situation for people throughout the Middle East region and around the world. Our highest concern is the safety and well-being of our traveling public.

The majority of our travel protection plan designs exclude coverage for losses resulting from hostilities between nations and acts of war. However, coverage may vary depending on your specific travel protection plan, so we encourage you to review your policy documents for details on how your coverage may apply.
